Annex I to the letter dated 12 February 2015 from the Permanent Representative of the Russian Federation to the United Nations addressed to the Secretary-General

[Original: Russian]

Declaration by the President of the Russian Federation, the President of Ukraine, the President of the French Republic and the Chancellor of the Federal Republic of Germany in support of the package of measures for the implementation of the Minsk accords adopted on 12 February 2015

The President of the Russian Federation, Vladimir Putin; the President of Ukraine, Petro Poroshenko; the President of the French Republic, François Hollande; and the Chancellor of the Federal Republic of Germany, Angela Merkel, reaffirm their full respect for the sovereignty and territorial integrity of Ukraine. They firmly believe that there is no alternative to an exclusively peaceful settlement. They are fully committed to undertaking all possible individual and joint measures to this end.

Against this background, the leaders endorse the package of measures for the implementation of the Minsk accords, adopted and signed in Minsk on 12 February 2015 by all the signatories of the Minsk Protocol of 5 September 2014 and the Minsk Memorandum of 19 September 2014. The leaders will contribute to this process and will use their influence on the relevant parties to facilitate the implementation of the package of measures.

Germany and France will provide technical support for the restoration of the segment of the banking system located in conflict-affected areas, possibly through the establishment of an international mechanism to facilitate social transfers.

The leaders share the conviction that improved cooperation among the European Union, Ukraine and the Russian Federation will be conducive to a settlement of the crisis. To this end, they endorse the continuation of trilateral talks among the European Union, Ukraine and the Russian Federation on energy issues in order to move forward with the "winter gas package".

They also support trilateral talks among the European Union, Ukraine and the Russian Federation in order to devise a practical solution to the concerns raised by the Russian Federation with regard to the implementation of the European Union-Ukraine Deep and Comprehensive Free Trade Area.

The leaders remain committed to the vision of a common humanitarian and economic space from the Atlantic to the Pacific Ocean based on full respect for international law and the Organization for Security and Cooperation in Europe (OSCE) principles.

The leaders will remain committed to the implementation of the Minsk accords. To this end, they agree to establish an oversight mechanism in the "Normandy format" which will convene at regular intervals, in principle at the level of senior officials of the Ministries of Foreign Affairs.
